

Ishan Mehta

Software Tester

Jaipur, India ishan.mehta@example.com Fictional sample

01 Professional profile

Software Tester with an illustrative 11-year career focused on exploratory testing, user journeys and reproducible defect reporting. Core strengths include Exploratory testing, Test design and Browser testing. Selected examples describe the challenge, contribution and handover materials.

02 Professional experience

Jul 2022 – Present

Software Tester

Asterline Quality Engineering Studio · Jaipur

Delivered defined workstreams in exploratory testing, user journeys and reproducible defect reporting, coordinating reviewers and delivery partners.

- Designed exploratory charters for retries, cancellations and partial state; supplied reproducible defect evidence.
- Built a device-and-browser matrix and checked critical forms against realistic input lengths.

Jul 2018 – Jun 2022

Software Tester

Northmere Quality Engineering Studio · Jaipur

Built a scoped practice in exploratory testing, user journeys and reproducible defect reporting, with a defined review process.

- Used exploratory testing and API validation on assigned work; recorded decisions so colleagues could understand the approach.
- Prepared handover materials and incorporated specialist feedback before closing the workstream.

Jul 2015 – Jun 2018

Test Associate

Cedarfield Quality Engineering Studio · Jaipur

Built foundations through supported assignments, observation and practical feedback.

- Assisted with test design and defect reporting, checking work with an experienced reviewer.
- Kept organised work records and developed clear handover habits through supervised practice.

CAREER CONTEXT

11 years in this illustrative career.

Three appointments.

Full work examples on page 2.

03 Quality portfolios

Ask the questions a release needs.

WORK EXAMPLE 01 / ILLUSTRATIVE

Checkout exploration

Context

Happy-path tests missed interrupted payment journeys.

Contribution

Designed exploratory charters for retries, cancellations and partial state; supplied reproducible defect evidence.

Prepared for handover

Journey map and defect notebook

WORK EXAMPLE 02 / ILLUSTRATIVE

Cross-device review

Context

Layout issues appeared only on smaller screens.

Contribution

Built a device-and-browser matrix and checked critical forms against realistic input lengths.

Prepared for handover

Compatibility matrix and retest record

04 Education

2013 – 2015

Postgraduate Diploma in Software Quality

Asterbridge Institute of Professional Studies

Specialist study with a practice focus on exploratory testing and test design.

2009 – 2013

Bachelor of Technology / Science in the relevant discipline

Cedarhaven College of Applied Studies

Foundation study, practical assignments and supervised learning. Fictional institution and qualification record.

05 Professional development

2024

Exploratory testing - advanced practice workshop

Scenario exercises and peer review in exploratory testing, user journeys and reproducible defect reporting.

2025

API validation - reflective practice seminar

Applied learning reviewed through a bounded example and a written reflection.

Continuing learning examples, not licences or independently verified certifications.

06 Practice & evidence notes

Work focus	Evidence status	Contribution scope
Exploratory testing, user journeys and reproducible defect reporting	Illustrative work descriptions; no source artefacts attached	Owned the stated workstream, not all team outcomes

Every employer and institution in this CV is fictional. The two work examples describe individual contributions; supporting artefacts and externally measured outcomes are not supplied. Replace example information with accurate records and permission-cleared work before using this CV.
