Pune, India vihaan.kapoor@example.com Fictional sample

01 Professional profile

Lecturer with an illustrative 18-year career focused on computer science teaching, practical labs and student guidance. Core strengths include Course design, Programming instruction and Lab assessment. Selected examples describe the challenge, contribution and handover materials.

02 Professional experience

Jul 2021 - Present

Lecturer

Asterline Research Institute · Pune

Delivered defined workstreams in computer science teaching, practical labs and student guidance, coordinating reviewers and delivery partners.

- Created progressive lab briefs and reflective checkpoints tied to course outcomes.
- Guided scoping, evidence planning and review milestones while preserving student authorship.

Jul 2015 - Jun 2021

Lecturer

Northmere Research Institute · Pune

Built a scoped practice in computer science teaching, practical labs and student guidance, with a defined review process.

- Used course design and academic advising on assigned work; recorded decisions so colleagues could understand the approach.
- Prepared handover materials and incorporated specialist feedback before closing the workstream.

Jul 2008 - Jun 2015

Research & Teaching Associate

Cedarfield Research Institute · Pune

Built foundations through supported assignments, observation and practical feedback.

- Assisted with programming instruction and feedback, checking work with an experienced reviewer.
- Kept organised work records and developed clear handover habits through supervised practice.

EXPERTISE

Core capabilities

Course design

Programming instruction

Lab assessment

Academic advising

Feedback

Teaching reflection

SELECTED WORK

Programming laboratory redesign

Lab handbook and assessment rubric

Capstone mentoring

Mentoring framework and review notes

LANGUAGES

English - professional working

Hindi - professional working

CAREER CONTEXT

18 years in this illustrative career.

Three appointments.

Full work examples on page 2.

03 Teaching & research contributions

Teach the foundations. Invite better questions.

WORK EXAMPLE 01 / ILLUSTRATIVE Programming laboratory redesign Context Students copied examples without explaining design choices. Contribution Created progressive lab briefs and reflective checkpoints tied to course outcomes. Prepared for handover Lab handbook and assessment rubric	WORK EXAMPLE 02 / ILLUSTRATIVE Capstone mentoring Context Student teams struggled to bound their project ideas. Contribution Guided scoping, evidence planning and review milestones while preserving student authorship. Prepared for handover Mentoring framework and review notes

04 Education

2005 – 2008

M.Sc in Computer Science

Asterbridge Institute of Professional Studies
Specialist study with a practice focus on course design and programming instruction.

2001 – 2005

Bachelor-level study in the relevant discipline

Cedarhaven College of Applied Studies
Foundation study, practical assignments and supervised learning. Fictional institution and qualification record.

05 Professional development

2024

Course design - advanced practice workshop

Scenario exercises and peer review in computer science teaching, practical labs and student guidance.

2025

Academic advising - reflective practice seminar

Applied learning reviewed through a bounded example and a written reflection.

Continuing learning examples, not licences or independently verified certifications.

06 Practice & evidence notes

Research / teaching	Publication status	Authorship
Computer science teaching, practical labs and student guidance	Illustrative working material; no published paper claimed	Contribution described; no external verification supplied

Every employer and institution in this CV is fictional. The two work examples describe individual contributions; supporting artefacts and externally measured outcomes are not supplied. Replace example information with accurate records and permission-cleared work before using this CV.
