AI-assisted development workshop

Workshop deck and practice checklist

LANGUAGES

English - professional working

Hindi - professional working

CAREER CONTEXT

11 years in this illustrative career.

Three appointments.

Full work examples on page 2.

02 Professional experience

Jul 2022 - Present

Technical Trainer

Asterline Learning Studio · Jaipur

Delivered defined workstreams in developer training, practical labs and guided problem solving, coordinating reviewers and delivery partners.

- Sequenced labs from request validation to tests and deployment notes, using review checkpoints.
- Designed exercises around planning, reviewing generated code and checking outputs.

Jul 2018 - Jun 2022

Technical Trainer

Northmere Learning Studio · Jaipur

Supported progressively more complex work in developer training, practical labs and guided problem solving, with a defined review process.

- Used technical instruction and troubleshooting on assigned work; recorded decisions so colleagues could understand the approach.
- Prepared handover materials and incorporated specialist feedback before closing the workstream.

Jul 2015 - Jun 2018

Learning Associate

Cedarfield Learning Studio · Jaipur

Built foundations through supported assignments, observation and practical feedback.

- Assisted with lab design and learning assessment, checking work with an experienced reviewer.
- Kept organised work records and developed clear handover habits through supervised practice.

03 Learning programmes

Turn technical concepts into working confidence.

WORK EXAMPLE 01 / ILLUSTRATIVE

API development bootcamp

Context

Learners understood syntax but struggled to deliver a complete endpoint.

Contribution

Sequenced labs from request validation to tests and deployment notes, using review checkpoints.

Prepared for handover

Lab repository and trainer runbook

WORK EXAMPLE 02 / ILLUSTRATIVE

AI-assisted development workshop

Context

Learners needed a critical workflow rather than tool-only demonstrations.

Contribution

Designed exercises around planning, reviewing generated code and checking outputs.

Prepared for handover

Workshop deck and practice checklist

04 Education

2013 – 2015

M.Tech in Software Engineering

Asterbridge Institute of Professional Studies
Specialist study with a practice focus on technical instruction and lab design.

2009 – 2013

Bachelor of Technology / Science in the relevant discipline

Cedarhaven College of Applied Studies
Foundation study, practical assignments and supervised learning. Fictional institution and qualification record.

05 Professional development

2024

Technical instruction - advanced practice workshop

Scenario exercises and peer review in developer training, practical labs and guided problem solving.

2025

Troubleshooting - reflective practice seminar

Applied learning reviewed through a bounded example and a written reflection.

Continuing learning examples, not licences or independently verified certifications.

06 Practice & evidence notes

Work focus	Evidence status	Contribution scope
Developer training, practical labs and guided problem solving	Illustrative work descriptions; no source artefacts attached	Owned the stated workstream, not all team outcomes

Every employer and institution in this CV is fictional. The two work examples describe individual contributions; supporting artefacts and externally measured outcomes are not supplied. Replace example information with accurate records and permission-cleared work before using this CV.
